Welcome to Denim-Land! Where your old jeans, denim skirts and jackets transform into the latest trends.

Take repurposing to a new level during this 7 week program in our sewing hub. Remix your jeans or embellish your denim jacket to create a new look to stand out from the crowd. Learn how to save money, reduce your environmental impact and share your inspiration for your upcycled fashion piece. At the end of the program participants will present their garments in a fashion show at the Art Starts showcase.
